Please explore the Sustainable Development Knowledge Platform to prepare for the Common-Interest Building – Training Game (Box 1).

Holistic pedagogy of the United Nations Sustainable Development Goals (SDG) will be applied to common-interest building as a fundamental negotiation strategy that operates across a ‘continuum of urgencies’ with cooperation beyond conflict resolution.

**COMMON-INTEREST BUILDING: TRAINING GAME**

To start, each participant identifies three (3) United Nations Sustainable Development Goals (SDG) that are personally meaningful from among the 17 (see figure below). As a team, progressively reduce the number of SDG to justify a single development goal, based on the common interests of the group.
